INSTRUCTOR QUALIFICATIONS: BA, MA, PhD

COURSE OBJECTIVES:

1. To allow students to learn, appreciate, and experience the total self-sufficiency of the people who moved to this region 200 years ago.
2. To recreate an 1800s Early Settler food garden that they would have planted upon their arrival.
3. To teach local history in an engaging, experiential way with the view of students developing belonging and a sense of place in their local community by connecting with these early residents from their home town.

SYLLABUS/OUTLINE: Weekly approximate breakdown of activities:

Week 1 – 2 hours (September 1 **OR** September 3, 6pm – 8pm)

Orientation: at the Tarragindi Archaeology Dig site: 6161 Pheasant Court, Berrien Springs, MI 49103.

You will be required to sign a waiver and choose if you want to participate in photographs or not during this program. We will go over expectations and give you some background of the four groups of indigenous people, and three distinct waves of settlers who moved to Berrien Springs.

Week 2 – 2.5 hours (September 8, 10am – 12.30pm)

Archaeology Garden Project – 1800s Early Settlers - 6161 Pheasant Court, Berrien Springs, MI 49013

Using the Tarragindi property, we will recreate an Early Settler period self-sufficiency garden using research from the period. We will also identify both perennial and annual plants these early settlers used for their food, medicine, and for pollination. We will plot out the garden and orient it to the south.

Week 2 Local History Tour – Cancelled due to a scheduling conflict.

Week 3 – 2.5 hours (September 15, 10am – 12.30pm)

Archaeology Garden Project – 1800s Early Settlers - 6161 Pheasant Court, Berrien Springs, MI 49013

We will start creating the garden itself, and creating a barrier/fence to keep out deer and critters.

Week 4 – 2.5 hours (September 22, 10am – 12.30pm)

Archaeology Garden Project – 1800s Early Settlers - 6161 Pheasant Court, Berrien Springs, MI 49013

We will continue creating the garden, and creating a barrier/fence to keep out deer and critters.

Week 5 – 2.5 hours (September 29, 10am – 12.30pm)

Archaeology Garden Project – 1800s Early Settlers - 6161 Pheasant Court, Berrien Springs, MI 49013

We will complete the garden itself, and start planting it with period appropriate perennial plants, based on our research of the period. (Annual plants will be planted in the Spring 2027 semester.)

Week 6 – 2.5 hours (October 6, 10am – 12.30pm)

Archaeology Garden Project – 6161 Pheasant Court, Berrien Springs, MI 49013

We will finish planting the perennial component, and plant food crop trees that early settlers planted on their properties – a condition in some regions for claiming land.

Week 7 – 2.5 hours (October 13, 10am- 12.30pm)

We will finish planting the perennial component, and plant food crop trees that early settlers planted on their properties – a condition in some regions for claiming land.

STUDENT ASSESSMENT - In addition to the 2 items below, what will be used to evaluate student progress and/or end of semester pass/fail status?

- 1) Students agree to attend at least 80% of class sessions/lessons offered. Attendance is kept online and tracked by Partnership staff. Unexcused absences resulting in failure to meet 80% threshold may result in program discontinuation.

The Partnership Student Assessment is filled out by the teacher and turned in to Partnership staff. The rubric is found on the teacher's online attendance sheet. Failing marks for lack of participation, behavior issues, excessive absences, etc. may result in program discontinuation.

- 2) Other class-specific assessment: Engagement in the program, follow through with instruction, and participation in research of artifacts found.

ADDITIONAL RESOURCES: (online, books, video, etc.):

www.tarragindi.org/resources - page on our website giving links to local history resources.

CLASS-SPECIFIC POLICIES:

Attendance: Students are to attend each week. If they cannot make it one week, we are happy to reschedule or have them attend one of our other archaeology classes that has some crossover content.

Behavior: To be careful, listen to instructions, wear your safety gear, identify everything you like about others (not what you don't like about them – ancient and settler communities succeeded through team work), zero tolerance of bullying, report bullying, have fun!

Weather: If it is raining, the class will be canceled and all students emailed. Dr Sigvartsen will still go down to the site to ensure everyone got his email message.

Other: Do not enter the Tarragindi property or dig site when Dr Sigvartsen is not there. Be kind to the neighbors by parking in the designated areas, being courteous, and keeping the noise down.
