Parent Partnership Categories of our BSPP Classes - Spring 2027

All our 12 programs are half semester programs and operate for 8 weeks – some in January to March, and some in January for two weeks that then resume in April to May when the ground has thawed.

Classes are two hours each week. Some popular classes are offered at multiple times - **<u>you only attend one class time per week</u>,** but can attend at a different time if you need to make up a class.

You can register for two programs (one in the first half of the semester and one in the second) without overloading your schedule.

BSPP Category	"First Half" of the Semester (Jan-Mar)	"Second Half" of the Semester (April-May)
